ABOUT ME

BS Information Technology student with a strong interest in Front-End Web Development and modern web technologies. Possesses hands-on knowledge of HTML, CSS, JavaScript, responsive web design, and Microsoft Office through academic learning and personal practice. Passionate about building clean, user-friendly websites while continuously improving technical skills. Quick learner with strong problem-solving abilities, teamwork, and communication skills, seeking an internship opportunity to gain practical industry experience and contribute to real-world projects.

EXPERIENCES

ACADEMIC PROJECTS

2024 – continued

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript.
- Designed user-friendly layouts with mobile responsiveness.
- Applied clean coding practices and modern UI principles.

Landing Page Development

2024 - continued

- Created responsive landing pages using HTML and CSS.
- Focused on layout structure, typography, and user experience.
- Optimized pages for different screen sizes.

Front-End Practice Projects

2025- continued

- Built multiple beginner-level web interfaces to strengthen front-end development skills.
- Practiced responsive layouts, navigation menus, forms, and interactive webpage components.
- Improved understanding of HTML structure, CSS styling, and JavaScript fundamentals.
